

The State of New Hampshire
Department of Environmental Services

Michael P. Nolin
Commissioner

LETTER OF DEFICIENCY

No. WD SS 06-003

March 9, 2006

Mr. George Fadden
1098 E. Conway Road
Center Conway, NH 03813-4005

RE: Repair/Replacement of Septic System, 18 Tabor Circle, Albany, NH

Dear Mr. Fadden:

On February 24, 2006, personnel from the Department of Environmental Services, Water Division ("DES") received information concerning the replacement of a septic system on the Dan Jones property, described as Lot # 17, on Tax Map # 7, and located on Tabor Circle, Albany, NH, 03818 ("the Property"). Officials from the Town of Albany and the owner of the Property verified that you had performed the replacement of the septic system. Subsequently, DES performed an inspection of our records listing licensed septic installers. The purpose of this inspection was to determine whether you were in compliance with RSA 485-A and its implementing regulations, the Subdivision and Individual Sewage Disposal System Design Rules, Env-Ws 1000 ("the Rules").

As a result of the inspection, the following deficiency was noted:

1. You do not hold a license to install septic systems in New Hampshire.

DES expects the above deficiency to be permanently corrected within 60 days by initiating and completing the following measures:

1. Contact the Department of Environmental Services by March 31, 2006 to arrange to take the written Installer's Examination, currently scheduled for April 26, 2006. There is a fee of \$40 that must accompany your application.
2. Obtain a passing score on both portions of the examination.
3. Assure that your septic installer's license, should you obtain it, remains current from year to year.

DES believes the cited deficiencies will be corrected within 60 days and a report describing

the corrective measures can be submitted to this office within 60 days of receipt of this letter.

In the event compliance is not achieved within this period, DES may take further action against you, including issuing an order requiring the above items to be corrected, initiating an administrative fine proceeding, and/or referring the matter to the New Hampshire Department of Justice for imposition of civil and/or criminal penalties. Through the examination process, DES personnel will assure that you have come into, and are maintaining, full compliance with all applicable statutes and directives.

The written report as requested above should be addressed as follows:

Richard J. de Seve, SSB, DES
Department of Environmental Services
6 Hazen Drive, PO Box 95
Concord, NH 03302-0095

Your prompt cooperation is appreciated. Should you have any questions regarding this letter, please contact Richard J. de Seve at 271-3442.

Sincerely,

William E. Evans, P.E.
